CONTENTS OF VOLUME 5

Abraham, L. See Potegal, M.

Ahlenius, S., Engel, J., & Zöller, M. **Effects of apomorphine and haloperidol on exploratory behavior and latent learning in mice** 290

Altschuler, H. L. See Gonzalez, L. P.

Anderson, D. C., Crowell, C. R., Lupo, J. V., & Sarmina, T. **The effects of sex and exposure to inescapable shock on shock-elicited fighting in albino rats** 445

Asdourian, D. See Dark, J. G.

Barry, R. J. **Failure to find evidence of the unitary OR concept with indifferent low-intensity auditory stimuli** 89

Barry, R. J. **The effect of "significance" upon indices of Sokolov's orienting response: A new conceptualization to replace the OR** 209

Becker, B. M., Magnuson, D. J., & Reid, L. D. **Methods of deconditioning persisting avoidance: Intracranial stimulation as a counter-conditioner** 73

Becker, B. M., & Reid, L. D. **Changes in pressing for intracranial stimulation (ICS) after prolonged ICS** 58

Becker, B. See Taub, J.

Beckwith, B. E., O'Quin, R. K., Petro, M. S., Kastin, A. J., & Sandman, C. A. **The effects of neonatal injections of α-MSH on the open-field behavior of juvenile and adult rats** 295

Beninger, R. J., & Milner, P. M. **Conditioned reinforcement based on reinforcing electrical stimulation of the brain: Chain schedules** ... 285

Blanchard, D. C., Blanchard, R. J., Lee, E. M. C., & Fukunaga, K. K. **Movement arrest and the hippocampus** 331

Blanchard, R. J. See Blanchard, D. C.

Blundell, J. E., Strupp, B. J., & Latham, C. J. **Pharmacological manipulation of hoarding: Further analysis of amphetamine isomers and pimozide** 462

Bowers, R. P. See Scheff, S. W.

Boyd, M. G. **Posterior association cortex lesions in rats: Mazes, pattern discrimination, and reversal learning** 455

Brecha, N. See Demarest, J.

Bronstein, R. See Demarest, J.

Brown, J. S. See Mansfield, J. G.

Buchwald, N. A. See Young, D. N., Jr.

Campbell, K. A. See Milgram, N. W.

Capobianco, S., MacDougall, J. M., & Foster, S. M. **Direct neurobehavioral comparisons within the septohippocampal system** 215

Carlisle, H. J. **Temperature effects on thirst: Cutaneous or oral receptors?** 247

Chance, W. T., & Lints, C. E. **Eating following cholinergic stimulation of the hypothalamus.** 440

Chapman, R. H., Stern, J. M., & Libert, J. A. **Lordosis reflex, sexual receptivity, and feeding: Estrogen responsivity in male and female rats** 373

Cheung, M. N., & Porges, S. W. **Respiratory influences on cardiac responses during attention** 53

Chiodo, L. A. See Dark, J. G.

Collaer, M. L., Magnuson, D. J., & Reid, L. D. **Addictive agents and intracranial stimulation (ICS): Pressing for ICS before and after self-administration of sweetened morphine solutions** 425

Comet, T. See Vrtunski, P. B.

Crowell, C. R. See Anderson, D. C.

Cunningham, C. L. See Mansfield, J. G.

Dannen, E. See Kimble, D. P.

Dark, J. G., Chiodo, L. A., & Asdourian, D. **Long-term analysis of hypothalamic self-stimulation in the rat: Is a circadian rhythm present?** 76

Davis, H., Herrmann, T., MacFadden, L., & Ellen, P. **Do septal lesions eliminate behavioral control by an autocontingency?** 339

Davis, H., Porter, J. W., Livingstone, J., Herrmann, T., MacFadden, L., & Levine, S. **Pituitary-adrenal activity and leverpress shock escape behavior** 280

Davis, W. M. See Werner, T. E.

Day, M. J. See Potegal, M.

Demarest, J., Brecha, N., & Bronstein, R. **Interhemispheric mediation of the following response in ducklings** 378

Dickinson, W. A., & Levitt, R. A. **Carbachol-elicited mouse-killing in the rat: Animals attacked and wound location** 239

Disterhoft, J. F. **Short-latency discriminative unit responses: One way to search for the engram** 498

Domato, G. C. See Klein, S. B.

Dorsett, P. G. See Ellen, P.

Dorworth, T. R., & Overmier, J. B. **On "learned helplessness": The therapeutic effects of electroconvulsive shocks** 355

Dunn, A. J. See Isaacson, R. L.

Durkovic, R. G. See Light, A. R.

Eaton, N. K. See Mansfield, J. G.

Ehrenfreund, D. **A note from the publisher: Figures and illustrations** 1

Ellen, P., Dorsett, P. G., & Richardson, W. K. **The effect of cue-fading on the DRL performance of septal and normal rats** 469

Ellen, P. See Davis, H.
Engel, J. See Ahlenius, S.
Enloe, L. J. See Miller, M. A.
Etscorn, F. **Illness-induced aversion learning in a desert species of rodent (*Acomys cahirinus*)** 336
Flannelly, K. J. See Thor, D. H.
Flinn, E. A. See Flinn, J. M.
Flinn, J. M., Kirsch, A. D., & Flinn, E. A. **Correlations between intelligence and the frequency content of the visual evoked potential** 11
Fortuna, M. B. **Elicitation of aggression by food deprivation in olfactory bulbectomized male mice** 327
Foster, S. M. See Capobianco, S.
Freed, E. X. See Worsham, E. D.
Fuhrer, M. J. **Effects of stimulus intensity on the habituation of flexor withdrawal activity mediated by the functionally transected human spinal cord** 321
Fukunaga, K. K. See Blanchard, D. C.
Gaas, E. See Gatchel, R. J.
Gaito, J., Gaito, S. T., & Nobrega, J. N. **A factor analysis of data from 10 phases of sequential alternation of amygdaloid stimulation within the kindling paradigm** 300
Gaito, S. T. See Gaito, J.
Gatchel, R. J., Gaas, E., King, J. M., & McKinney, M. E. **Effects of arousal level and below-zero habituation training on the spontaneous recovery and dishabituation of the orienting response** 257
Glick, Z., & Modan, M. **Control of food intake during continuous injection of glucose into the upper duodenum and the upper ileum of rats** 7
Gonzalez, L. P., & Altschuler, H. L. **A multivariate technique for quantitative assessment of the opiate abstinence syndrome** 311
Graham, F. K., & Murray, G. M. **Discordant effects of weak prestimulation on magnitude and latency of the reflex blink** 108
Hallstead, C. See Klein, S. B.
Haythorn, M. M. See Henry, K. R.
Hennessy, J. W. See Smotherman, W. P.
Henry, K. R., Rhoades, R. W., & Haythorn, M. M. **Effects of ambient lighting and the albino gene on the developing visual evoked potential of the mouse** 204
Herrmann, T. See Davis, H. (2)
Horne, J. A. **Factors relating to energy conservation during sleep in mammals** 403
Hull, C. D. See Young, D. N., Jr.
Innes, W. C. See Miller, M. A.
Isaacson, R. L., Street, W. J., Petit, T. L., & Dunn, A. J. **Neonatal treatment with 6-OH-DA affects brain NE content but not behavior** 49
Isom, K. E. See Vincent, G. P.
Juris, M., & Velden, M. **The pupillary response to mental overload** 421
Kastin, A. J. See Beckwith, B. E.
Keene, J. J., & Keene, N. M. **Intracranial self-stimulation and escape by EEG-derived instrumental responses in cerveau isolé rats** .. 181
Keene, N. M. See Keene, J. J.
Kelley, K. See Taub, J.
Kimble, D. P., & Dannen, E. **Persistent spatial maze-learning deficits in hippocampal-lesioned rats across a 7-week postoperative period** 409
Kimmel, H. D. See Ray, R. L.
King, J. M. See Gatchel, R. J.
Kirkby, R. J. **Effects of lesions of the caudate nucleus or frontal neocortex on drug-induced seizures in the rat** 359
Kirsch, A. D. See Flinn, J. M.
Klein, S. B., Mikulka, P. J., Domato, G. C., & Hallstead, C. **Retention of internal experiences in juvenile and adults rats** 63
Kraintz, L. See Wong, R.
Kratz, K. E., & Mitchell, J. C. **Internal and external cue use following septal ablation in the rat** 177
Kulig, B. M. **Acute tolerance to the motor impairment effects of ethanol** 3
Kyriacou, C., Siddle, D. A. T., Spinks, J. A., Stephenson, D., & Turpin, G. **The incremental stimulus intensity effect and habituation of evoked electrodermal responses** 16
Lacey, B. C., & Lacey, J. I. **Change in heart period: A function of sensorimotor event timing within the cardiac cycle** 383
Lacey, J. I. See Lacey, B. C.
Latham, C. J. See Blundell, J. E.
Lee, E. M. C. See Blanchard, D. C.
LeVere, T. E., & Mills, J. **Residual differential brightness thresholds following removal of visual neocortex in rats** 490
Levine, S. See Davis, H.
Levine, S. See Smotherman, W. P.
Levitt, R. A. See Dickinson, W. A.
Libert, J. A. See Chapman, R. H.
Light, A. R., & Durkovic, R. G. **US intensity and blood-pressure effects on classical conditioning and sensitization in spinal cat** 81
Lints, C. E. See Chance, W. T.
Livingstone, J. See Davis, H.
Lochry, E. A. See Worsham, E. D.
Lorden, J. F., & Margules, D. L. **Enhancement of conditioned taste aversions by lesions of the midbrain raphe nuclei that deplete serotonin** 273

Lowe, D. See Smith, C.
Lupo, J. V. See Anderson, D. C.
MacDougall, J. M. See Capobianco, S.
MacFadden, L. See Davis, H. (2)
Magnuson, D. J. See Becker, B. M.
Magnuson, D. J. See Collaer, M. L.
Mansfield, J. G., Eaton, N. K., Cunningham, C. L., & Brown, J. S. **Ethanol and avoidance-avoidance conflict in the rat** 197
Margules, D. L. See Lorden, J. F.
McCanne, T. R. **Patterns of autonomic and central nervous system responding during human operant heart-rate conditioning** 115
McKinney, M. E. See Gatchel, R. J.
McMurray, T. M., & Snowdon, C. T. **Sodium preferences and responses to sodium deficiency in rhesus monkeys** 477
Meienberg, P. **The tonic aspects of human REM sleep during long-term intensive verbal learning** 250
Meyer, D. R., & Meyer, P. M. **Dynamics and bases of recoveries of functions after injuries to the cerebral cortex** 133
Meyer, P. M. See Meyer, D. R.
Mikulka, P. J. See Klein, S. B.
Milgram, N. W., Server, A. C., & Campbell, K. A. **Effect of food and water deprivation on hippocampal self-stimulation and post-stimulation feeding** 43
Miller, M. A., Innes, W. C., & Enloe, L. J. **Performance on a four-choice search task following septal lesions in the rat** 433
Mills, J. See LeVere, T. E.
Milner, P. M. See Beninger, R. J.
Mitchell, J. C. See Kratz, K. E.
Modan, M. See Glick, Z.
Morgan, W. K. See Scheff, S. W.
Murray, G. M. See Graham, F. K.
Nobrega, J. N. See Gaito, J.
Nonneman, A. J., & Warren, J. M. **Two-cue learning by brain-damaged cats** 397
O'Quin, R. K. See Beckwith, B. E.
Overmier, J. B. See Dorworth, T. R.
Overstreet, D. H. **Pharmacological approaches to habituation of the acoustic startle response in rats** 230
Paré, W. P. See Vincent, G. P.
Persinger, M. A. **Mast cells in the brain: Possibilities for physiological psychology** 166
Petit, T. L. See Isaacson, R. L.
Petro, M. S. See Beckwith, B. E.
Petty, L. C. See Rosen, E. F.
Piroch, J. F. See Ray, R. L.
Porges, S. W. See Cheung, M. N.
Porter, J. W. See Davis, H.
Potegal, M., Day, M. J., & Abraham, L. **Maze orientation and visual and vestibular cues in two-maze spontaneous alternation of rats** 414
Ray, R. L., Piroch, J. F., & Kimmel, H. D. **The effect of task and stimulus variability on habituation of electrodermal and vasomotor reactions** 189
Reeves, J. M. See Vincent, G. P.
Reid, L. D. See Becker, B. M. (2)
Reid, L. D. See Collaer, M. L.
Reid, L. See Taub, J.
Rhoades, R. W. See Henry, K. R.
Richardson, W. K. See Ellen, P.
Riley, E. P. See Worsham, E. D.
Rosen, E. F., Westlake, K. C., & Petty, L. C. **The effects of hormones and morphine on both analgesia and the lordosis response produced by cervical probing in the female rat** 315
Sandman, C. A. See Beckwith, B. E.
Sarmina, T. See Anderson, D. C.
Scheff, S. W., & Wright, D. C. **Behavioral and electrophysiological evidence for cortical reorganization of function in rats with serial lesions of the visual cortex** 103
Scheff, S. W., Wright, D. C., Morgan, W. K., & Bowers, R. P. **The differential effects of additional cortical lesions in rats with single- or multiple-stage lesions of the visual cortex** . 97
Server, A. C. See Milgram, N. W.
Siddle, D. A. T. See Kyriacou, C.
Smith, C., Lowe, D., & Smith, M. J. **Increases in paradoxical and slow sleep during the acquisition of an appetitive task in rats** 364
Smith, M. See Taub, J.
Smith, M. J. See Smith, C.
Smith, S. G. See Werner, T. E.
Smotherman, W. P., Hennessy, J. W., & Levine, S. **Medial preoptic area knife cuts in the lactating female rat: Effects on maternal behavior and pituitary-adrenal activity** 243
Snowdon, C. T. See McMurray, T. M.
Spinks, J. A. See Kyriacou, C.
Stephenson, D. See Kyriacou, C.
Stern, J. M. See Chapman, R. H.
Street, W. J. See Isaacson, R. L.
Strupp, B. J. See Blundell, J. E.
Taub, J., Taylor, P., Smith, M., Kelley, K., Becker, B., & Reid, L. **Methods of deconditioning persisting avoidance: Drugs as adjuncts to response prevention** 67
Taylor, P. See Taub, J.
Thomas, R. K. See Boyd, M. G.
Thompson, R. F. **Comments and Discussion** (editorial announcement) 497
Thor, D. H., & Flannelly, K. J. **Anosmia and toxicity of topical intranasal zinc** 261
Turpin, G. See Kyriacou, C.

Velden, M. See Juris, M.
Vincent, G. P., Paré, W. P., Isom, K. E., & Reeves, J. M. **Activity-stress gastric lesions in the chipmunk (*Tamias striatus*)** 449
von der Porten, K. P. **Intracranial stimulation and one-drop licking in the rat** 27
Vrtunski, P. B., Comet, T., & Wolin, L. R. **Effect of dypsogenic stimuli on licking response execution of the rat** 21
Walker, J. L. **Subjective reactions to music and brainwave rhythms** 483
Warren, J. M. See Nonneman, A. J.
Watson, P. J. **Changes in elicited behavior as a function of experience with stimulation and available goal objects** 343
Werner, T. E., Smith, S. G., & Davis, W. M. **Intragastric self-administration of alcohol by rats: A dose-effect comparison** 453
Westlake, K. C. See Rosen, E. F.
Willott, J. F. **Developmental aspects of the effects of spinal cord transection upon audiogenic seizures in mice** 125
Wolin, L. R. See Vrtunski, P. B.
Wong, R. **Saline intake in gerbils (*Meriones unguiculatus*)** 225
Wong, R., & Kraintz, L. **Acute and chronic desalivation and isotonic saline preference in rats** 221
Worsham, E. D., Freed, E. X., Lochry, E. A., & Riley, E. P. **Generality of differential sensitivity to alcohol in selectively bred rats** 429
Wright, D. C. See Scheff, S. W. (2)
Young, D. N., Jr., Hull, C. D., & Buchwald, N. A. **Energy summation in lateral geniculate postsynaptic responses and optic tract spike responses to large light flashes** 34
Zöller, M. See Ahlenius, S.
